Patentability I, The Specification Chart Process

This is to certify that Nagender Anuja has completed
Patentability I, The Specification Chart Process.

Teaches how to prepare a specification chart and how to (1) determine whether a patent application and its claims satisfy the requirements of 35 USC §112 and §101 (2) construe the meaning of the claims, and (3) determine whether the claims have scope limited by amendment or argument estoppel.
